

mokkAnanda

mokkAnanda - smell the fragrance of roast beans
mokkAnanda - hear the pressure of the steam
coffee makes the spoon go round
what a lovely sound
coffee wakes the dead alive
daily dose - take five

mokkAnanda - see the colour how unique
mokkAnanda - feel the cup how warm and sleek
coffee tones my glasses pink
what a glorious drink
coffee flows from dawn to dusk
coffee is my lust
